

**TENNESSEE GENERAL ASSEMBLY
FISCAL REVIEW COMMITTEE**

FISCAL NOTE

SB 81 - HB 54

February 4, 2013

SUMMARY OF BILL: Eliminates the requirement that state agencies provide the Comptroller of the Treasury a progress report on the reduction of petroleum products usage by their motor fleets. Removes the requirement that the Comptroller analyze the progress reports and present the analysis annually to committees in the Senate and House of Representatives.

ESTIMATED FISCAL IMPACT:

NOT SIGNIFICANT

Assumptions:

- The bill removes the requirement that certain state agencies report to the Comptroller of the Treasury; it does not remove requirements regarding reductions in the usage of petroleum products pursuant to Tenn. Code Ann. § 4-22-101.
- According to the Comptroller of the Treasury, the current requirement is being fulfilled using existing budgetary resources. The removal of this requirement will allow those resources to be used for other functions within the agency. However, any decrease in state expenditures is estimated to be not significant.
- According to the Department of Transportation and the Department of General Services, removing the reporting requirement will not result in any significant fiscal impact.

CERTIFICATION:

The information contained herein is true and correct to the best of my knowledge.
